DHJ Services is the only vendor currently designated to serve Rural, Indian and Tribal Health providers, community-based organizations, counties, and other entities implementing Enhanced Care Management (ECM) and Community Supports.

At DHJ Services we are committed and experienced in all seven of the domains:

- **Building Data Capacity**
- **Community Supports**
- **Engaging in CalAIM through Medi-Cal Managed Care**
- **Enhanced Care Management**
- **Promoting Health Equity**
- **Supporting Cross Sector Partnerships**
- **Workforce**

You can find DHJ Services in the TA Marketplace under “hands on” services. We look forward to supporting your contracting and capacity building needs.

ABOUT US

DHJ Services' mission is to ensure that health policy and healthcare delivery are centered in health equity, leading to better health, quality, and care. The firm works to improve clinical outcomes, promote health equity, and empower individuals to partner in their own healthcare. Our team provides a low-risk, high-value partner with proven and highly skilled personnel and disciplined but flexible processes.

Our passion is to illuminate the way toward equitable health. Our work is grounded in health policy and system transformation to provide equitable, practical, operational approaches to meet population-level objectives.
